None of the tabs for this song have the intro right, and I don't think any of them have the chords right either. This tab is pretty long and was kinda difficult to tab, so I hope you guys enjoy it.

Now the rhythm guitar starts strumming the chords. The lead should continue finger-picking the chords because the rest of the song doesn't really have any consistent riffs or licks and it is boring for your audience if you emulate every nuisance of Keith Richards and Mick Taylor's finger-pickings.

Verse:

```

Am      E7
Angie, Angie,

Gsus4      G      Fsus4 F      Cadd4      C
